Petrograd thrown into wild panic when report comes that Germans have taken Riga.

## ALLIES RECOGNIZE FALL OF SEA FORTRESS NEAR

German Report Says Announcement by Czar Is Blind to Cover Removal of Russian Capital to Interior.

(By Evening Herald Leased Wire)  
Paris, Sept. 7 (12:30 p. m.)—In a message to President Poincaré Emperor Nicholas announces that he has placed himself in command of all the Russian armies.

The message was sent from Tsarkoje-Selo, the emperor's residence near Petrograd, under date of September 6. It follows:

"In placing myself today at the head of my valiant armies, I have in my heart, monsieur president, the most sincere wishes for the greatness of France and the victory of her glorious army."

(Signed) "NICHOLAS."

President Poincaré sends the following response today:

"I know that your majesty, in taking command of your heroic armies, intends to continue energetically until final victory, the war which has been imposed upon the allied nations. I address to your majesty in the name of France my most cordial wishes."

(Signed) "RAYMOND POINCARÉ."

London, Sept. 7 (12:30 p. m.)—The immediate objective of the Austro-German campaign in Russia becomes clearer with the growing indications that the invaders need the Baltic port of Riga not only as a base for present operations in the direction of Petrograd but as winter quarters in case the attempt to reach the Russian capital should be postponed until next spring.

Field Marshal von Hindenburg is experiencing great difficulty in arranging the portion of the Dvina held by the Germans. The current of the river is to swift for the construction of pontoon bridges under the Russian artillery fire.

Among the other sectors of the eastern front the impetus of the Austro-German push has been considerably checked. Vienna admits that three counter-attacks by the Russians have brought the advance along the Galician corridor almost to a standstill. The right wing of the Austro-German forces is said to be counter-attacking an attack on Kiev, with Field Marshal von Mackensen in command.

No exceptional actions have occurred on any of the minor fronts. The great military bombardment of the French continues along the western line.

No official report has yet been made on the circumstances concerning the sinking of the Allen liner Hesperian. There has been no change in the figures given out yesterday by the Allen liner indicating the loss of 12 passengers and 45 members of the crew.

## PETROGRAD PANIC STRICKEN BY REPORT OF RIGA'S FALL

(By Evening Herald Leased Wire)—The *Citizen* News Agency reports that a port was seized in Petrograd yesterday by rumors that the Russian Baltic port of Riga had been captured.

The Lübeck Anzeiger publishes private telegrams from Stockholm, says the news agency, stating that the Russian capital was thrown into confusion by reports that the positions on the Dvina had been captured, that Riga had been taken, and that the German advance upon the capital would be no longer hampered. Immense crowds gathered in front of the newspaper offices. There was great excitement and many arrests were made.

Towards evening the newspapers published extra editions containing official details of these rumors and noting that the Russian defensive positions were still intact. However, the arrival of panic at the capital and reports of Emperor Nicholas' trip to the front are only a pretense to cover the removal of the emperor's residence to the interior.

## AERIAL BOMBARDMENT OF SAARBRÜCKEN NOTABLE

Basel, Switzerland, Sept. 7 (via Paris, 3:30 p. m.)—The aerial bombardment of Saarbrücken, recorded in yesterday's official statement from the French war office, was probably the most notable operation of its kind during the war.

Forty French and British war aeroplanes sailed over the town and descended through bombs on the small armament factories. The barracks, the railroad station, the engine shed and other military buildings. Several hundred yards of railroad trackage were

destroyed and many recruits in the barracks were killed or wounded.

Artillery for high angle and an armored train had been summoned from Metz, bringing aerial guns on tracks, aimed to interfere with the operations of the aeroplanes.

All forty aeroplanes after discharging about 400 projectiles, returned

safely to Nancy.

## ADMIRALTY BELIEVES U-27 HAS BEEN DESTROYED

Berlin, Sept. 7 (via London, 1:30 p. m.)—The admiralty announced today that the German submarine U-27 sank small British cruiser several weeks ago. The U-27 has not been heard from since August 16, the admiralty also says, and probably is lost.

## FRENCH STEAMSHIP BORDEAUX SUNK BY SUBMARINE

Paris, Sept. 7 (12:30 p. m.)—The French steamship Bordeaux has been torpedoed and sunk twelve miles outside the mouth of the Charente, off the west coast of France. Her crew was taken aboard a pilot boat.

## GERMAN REPORT SAYS ANNOUNCEMENT BY CZAR IS BLIND TO COVER REMOVAL OF RUSSIAN CAPITAL TO INTERIOR.

(By Evening Herald Leased Wire)

Berlin, Sept. 7 (by wireless to Sayville).—The German News Agency gives out the following:

"A dispatch from Athens says an official communication has been received from Petrograd announcing the president of Petrograd has been assassinated.

A Paris newspaper has printed an item from Belgium to the effect that General Leman, the brave defender of Liège, has died of a stroke near a German prison. The fact is that the general is living in Maastricht in a prisoner's camp. He read his obituary notice with delight."

## GREAT ARTILLERY DUEL GOES STEADILY ON

Paris, Sept. 7 (12:30 p. m.)—Last night saw a continuation of the violent artillery exchanges along the French line, according to the official communiqué given out by the war office this afternoon. The fighting took place around Soissons and near Noyon and it was particularly severe in the region of Roye, on the plateau of Quincampoix, and near Noyon.

There was also very spirited artillery fighting in the Champagne district and in the Vosges.

German aeroplanes have made two attacks on Germerain. The second resulted in the killing of two persons.

## HARRISON LINER DICTATOR LATEST SUBMARINE VICTIM

London, Sept. 7 (12:30 p. m.)—The Central News says the Harrison line steamer Dictator was sunk several days ago and her crew of 32 was landed without casualties. There is no confirmation of this report.

## SOLD INFORMATION TO ANYONE WILLING TO BUY

Athens, Sept. 6 (via Paris, Sept. 7, 7:30 a. m.)—The arrest of two men and a woman charged with trafficking in messages addressed to King Constantine and the general staff of the Greek army by representatives of the belligerents on both sides in the war, has caused a sensation.

The persons arrested are charged with plying a regular trade, giving information impartially to either side.

## GILDED COAT, COLOR, Sept. 6

Gilford, Conn., Sept. 7.—Dr. William H. Phillips, formerly of Texas, was installed as president of the Colorado State Inlet of Mines here today.

## Today's War Summary

Emperor Nicholas of Russia, in a message to President Poincaré of France, made it known that he had taken supreme command of the armies of Russia.

The Germans have forced the Russians to accept battle in the district between Praza and Wolkowysk, northeast of Brest-Litovsk, and Prince Leopold's forces are attacking successfully, Berlin reports.

No further notable progress by the German forces in the Riga district is reported.

Nearly 2,000 additional Russian prisoners have been taken by the various German army groups.

There are no signs of any lessening of the notable artillery activity along the front in France to which the official report from Paris recently have been almost exclusively devoted. Today's statement mentions Soissons, the vicinity of Roye and of Noyon and plateau of Quincampoix as scenes of severe fighting by the artillery arm.

German aviators twice dropped bombs on Germerain, in the Yonne, killing two persons in their second attack, Paris reports.

The German admiral announced that a small British cruiser of an old type was sunk several weeks ago by the German submarine U-27 off the Hebrides. The submarine herself, however, doubtless is lost, the admiralty states, as it has not been heard from since August 10.

Unsuccessful bombardment by land and sea of Turkish positions at Anatolia and Sevillid Rahr on the Gallipoli peninsula is reported by Constantinople. Fires in allied trenches and artillery positions at Anatolia were caused by the Turkish artillery reply.

The great trades union congress in England today unanimously adopted a resolution against conscription.

## NO LONGER DOUBT HESPERIAN WAS VICTIM OF A TORPEDO

### President Refuses to Permit a Home State Endorsement

Washington, Sept. 7.—President Wilson has declined to allow Democrats in New Jersey, his home state, to endorse him for another term because he feels it might seem as though he were taking advantage of the international situation to gain some personal advantage.

A letter from Secretary Tammam to sheriff Blomquist of the Hudson County Democratic committee, made public at the White House today, expresses that view at some length.

Presence on Boat of Gun Large Enough to Sink a Submarine May Be Taken to Mean Vessel Armed.

Resolution Directed to Government Adopted With Cheering at Trades Congress Today in Bristol.

(By Evening Herald Leased Wire)

Washington, Sept. 7.—Commanding officers of the sunken liner Hesperian in a joint affidavit forwarded to the state department today declared that from the fragments of steel which fell on the deck it was "indubitably" shown that the ship was struck by a torpedo.

The present position of the United States is to take no steps to question the good faith of Germany, recent assurances unless it shows clearly that the sinking of the Hesperian was in violation of them. This view was made clear by a high official who explained that resident Wilson and Secretary Lansing accepted the assurances of the German government of their true value and are refusing to believe that the Hesperian was sunk deliberately without valid excuse. They will not believe the ship was sunk by a submarine until it is clearly shown, and will wait for more evidence on whether she was warned or attempted to escape. The question of the gun on her deck also will be carefully considered.

No final conclusion on the attitude of the government on the submarine issue will be announced until the Belgian and Arabic cases have been cleared up and the note on the Lusitania which has been prepared in this connection.

Mr. Seddon protested against the attempt to embroil the nation in a great international conflict which would split it in two at a time when national unity was all essential.

## HEAVY EARTHQUAKE SHOCKS REPORTED IN COSTA RICA

(By Evening Herald Leased Wire)

New York, Sept. 7.—International bankers here did not altogether relax today in the face of news from Portland, Maine, that more than \$65,000,000 in gold coinage equivalent to about \$2,000,000 and \$1,200,000 in United States coin, the value of the bonds was given out today. Including \$25 in currency the value of the body was given as \$2,265.

The gold consists of 12,650,000 sovereigns equivalent to about \$2,000,000 and \$1,200,000 in United States coin. The value of the bonds was given out today. Including \$25 in currency the value of the body was given as \$2,265.

No arrests were made during the forenoon, nor was there any clue except Mrs. Armour's description of the robbers. Two of the robbers entered Mrs. Armour's boudoir, while a third is supposed to have waited outside in an automobile. The two who entered were masked, but their visible features were so much alike that the police believe they may have been brothers.

One of the men held Mrs. Armour and three maids who answered her call at bay with a pistol while the other ransacked the house. Most of the Armour jewels were in safety deposit vaults out of their master's hands.

The intruders cut the telephone wires, but overlooked one. Mrs. William C. Nader, Mrs. Armour's secretary, who lives thirteen blocks away, by a coincidence was trying to get her employer on Torreón and the final investment of Chihuahua.

General Villa's denial that any of his forces participated in the border raid was communicated to the state department today by American Consul Agent Carothers.

General Villa says that none of the convention forces have crossed the border nor committed depredations on American soil. Mr. Carothers' message stated, "Villa thinks raids committed by bandits and outlaws." Advice regarding the revolt of Carranza troops in the state of Tabasco yesterday.

"Leader of mutineers abandoned San Juan Bautista, the capital, after exacting large tribute from business houses and sacking the city. All Americans safe. Governor departed from Frontera with 300 troops to assume charge of the capital."

(By Evening Herald Leased Wire)

New York, Sept. 7.—The Central and South American Telegraph company today reported that carabiniers had interrupted their cable lines between San Juan del Sur, Costa Rica and Salina Cruz.

Their report states that the shocks were very heavy in Costa Rica, but there are no indications of loss of life in their advice.

## GREAT SPECIALISTS ADDRESS AMERICAN PUBLIC HEALTH MEET

Rochester, N. Y., Sept. 7.—The American Public Health Association, in annual session here, held an open meeting this morning and then divided into sectional meetings. Papers covering a large range of subjects were read.

Before the public health section Dr. William Estes Brown read a paper on "Seawage Disposal Problems of a Coast Summer Resort."

"Temporary increase of population in summer results create city conditions," he said. "Because such conditions prevail only part of the year, partial planning are made for meeting them. We often find conditions approaching those of the crowded city with only camp methods for meeting them. This is true in spite of the fact that patrons of the summer resort pay high prices for their accommodations and should receive the greatest amount of health protection."

Sleeping residents were asked to telephone the duration of storms and the ringing of fire alarms. Scores of men worked all night rescuing people from houses and trees. Corporal Louis Brink of the full blood corps rescued ten persons by swimming his horse through the current.

The refugees were quartered in churches, public halls and the police station. Mayor Varner estimated that 600 persons were rescued from the flooded district.

## HUNDRED MAROONED ON FORT SCOTT HOUSETOPS

Port Wood, Kas., Sept. 7.—More than 100 people in the lower parts of the city are marooned on rooftops here today as a result of a six inch rainfall which caused the Missouri river and Mill Creek to flood the lower. Bridges over the rivers are washed out or are under water.

All available boats were being used to rescue the refugees. Four feet of water was running through the Missouri, Kansas and Texas railroad depot today and passengers in marooned trains were being rescued with boats and rafts. No fatalities have been reported. The retail business district is under several feet of water.

Chicago, Sept. 7.—A general alarm was issued by the Carranza agency here today, denying that any of their soldiers have part in raids in Texas or attacks upon American troops across the Rio Grande.

The report wired by General Carranza said:

"The fact that some of the disturbances may be wearing uniforms similar to those of our soldiers does not indicate any connection between our army and the above mentioned movement. The clothes, hats and shoes used by our troops are the same as those used on the other side of the Rio Grande, as all of our equipment has been bought in the United States."

"I have ordered the commanders on the frontier line to maintain strict neutrality in order to avoid complications. I have withdrawn our detachments from many places in order to avert any international difficulties."

Reports of fighting between the Carranza and Villa forces were given in detail in dispatches to the Carranza agency asserting that Oregon, Trejo, Paredon, Leoncio and small towns in that vicinity were preparing to join with other Carranza generals to make a combined assault on Torreón and the final investment of Chihuahua."
